Resources for Planning for Fall 2020 Reopening

Resources for planning for the Fall 2020 reopening are available on the Office of the Provost website. This includes new information about faculty training and classroom technology upgrades, as well as FAQs related to course delivery. Decisions will be based on these guiding principles: to preserve the college experience, to protect the health of our students and faculty, to ensure a successful learning environment, and to minimize the reduction in overall student credit hours. Faculty members and department chairs should coordinate course delivery and instruction plans with their associate dean.

Archived Messages to Faculty Provide Direction During Pandemic

Faculty, advisors and academic staff are encouraged to reference the archive of messages from the Provost as they continue to support and accommodate students during challenging circumstances related to the COVID-19 pandemic.
